

What is Shabutsu

Shabutsu' is like "Shakyō", which is a special drawing practice of Buddha. Sketching the statue of Buddha is a process of inspiring Fudō-Myōō's soul, Please calm down and sketch cordially, or you will be able to feel Fudō-Myōō more closely. The sketch image is printed on the paper, so anyone can practice Shabutsu even if any you are not good at drawing.

Your drawing of the Buddha will be blessed by "Goma rite", which is a fire ritual performed in esoteric Buddhism, and then, we will make an original charm from it for you to take home.
